I was in kitchen w/ microwave going so I'm not sure I heard correctly -

What I heard was a statement that Jesse Jackson said he didn't think Ray was guilty.

Sen (?) John Lewis said he is guilty & should tell all he knows about it.

Ray quoted as saying he didn't do it, that Forman responsible for his guilty plea - Anna saying that was wrong, Ray talked about doing it - and somebody said Ray admitted that there was no Raoul -
